ISS-48164 SHOWN IN DIAGRAM FOR INSTRUCTIONS

TOP SHOWN FOR REPRESENTATION ONLY
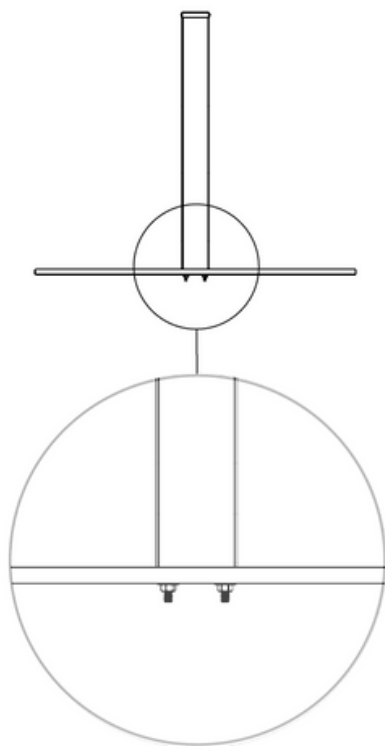

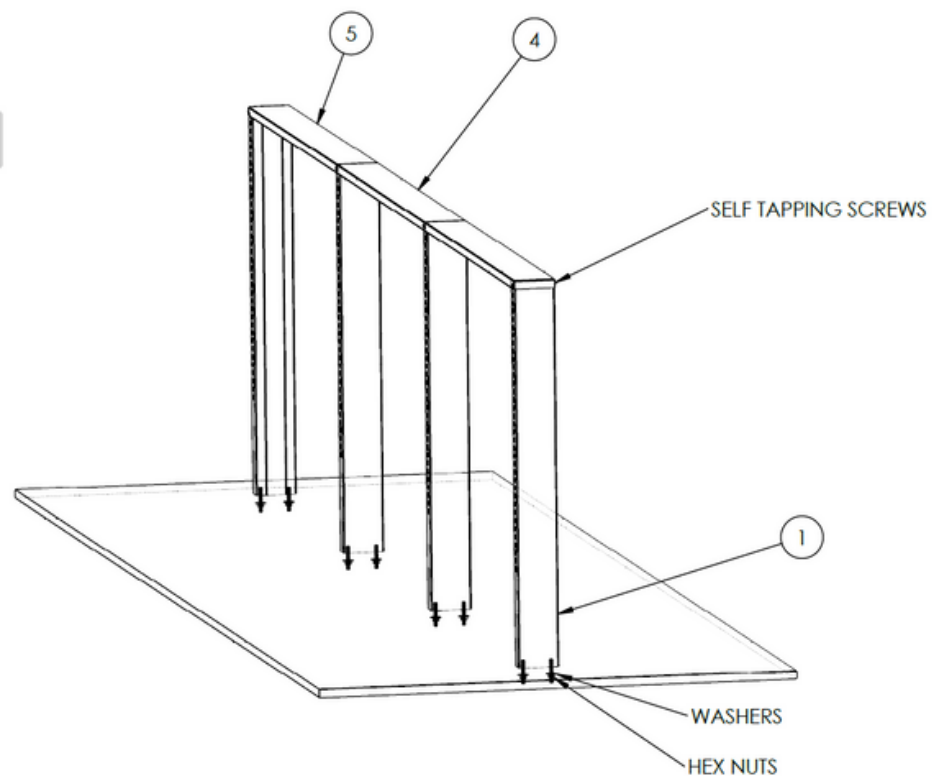

STEP 1. MOUNTING THE UPRIGHTS

Mount the upright assembly (1) to the table top using the bolts on the bottom of the uprights, washers and hex buts as shwon in the detail view above.

STEP 2. FASTENING TOP CHANNELS

Fasten the top channels to the uprights and screw them on using self tapping screws in the holes provided. Note that inner top channels (4) fit different than the outer top channel (3).

Detail View

ISLAND SHELVING ASSEMBLY

STEP 3. PREPARING THE SHELF ASSEMBLIES

Attach the shelves to their respective brackets with 4 self-tapping screws. Note that the shelf brackets abd the shelf for the top shelves are different from the lower shelves.
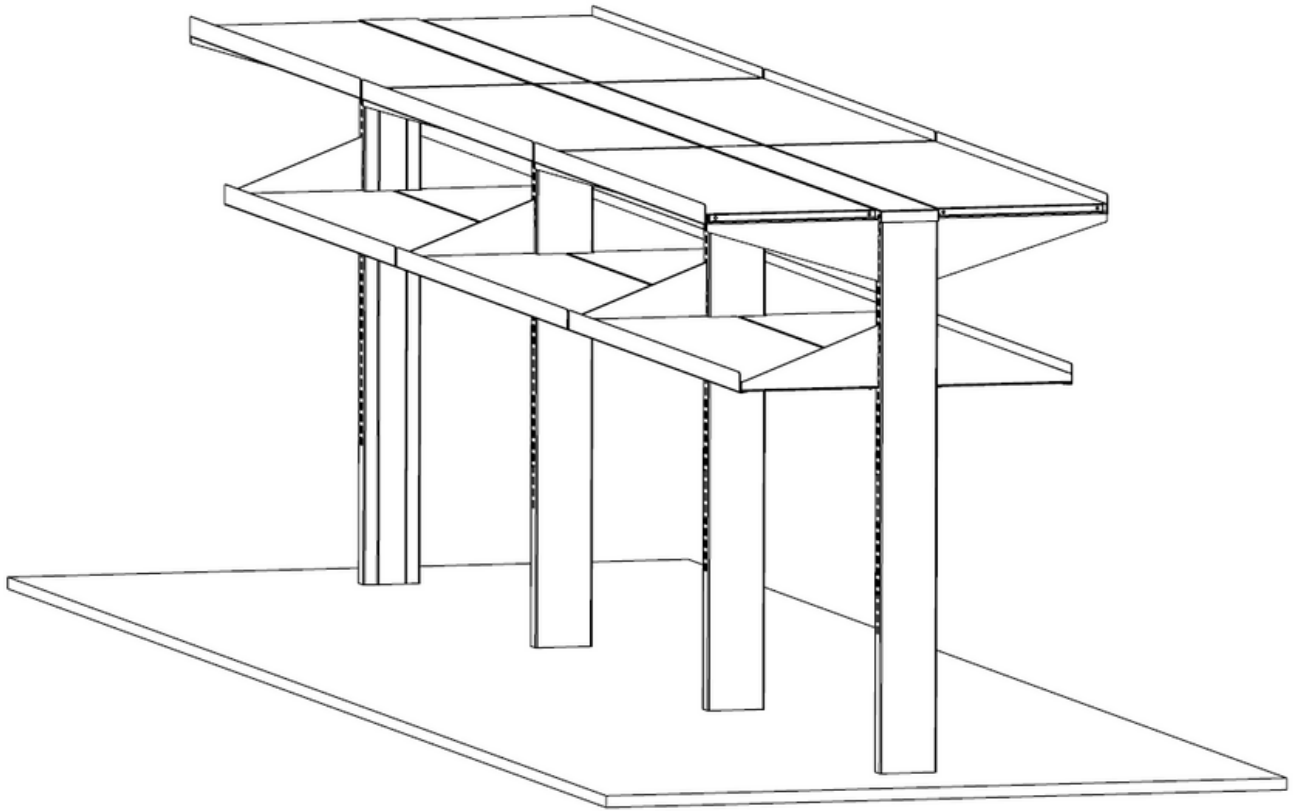

STEP 4. ATTACHING THE SHELF ASSEMBLY

Mount the top shelf to the top three slots on the uprights. The bottom shelf can be mounted at any height desired. It is recommended that shelves facing each other be mounted at the same height.

Look at the next page for how the island shelving system needs to look after assembly.

HOOKS ON THE TOP SHELF BRACKET ARE NEAR THE FLAT SIDE

HOOKS ON THE BOTTOM SHELF BRACKET ARE AWAY FROM THE FLAT SIDE

BOTTOM SHELF EXTENDS BEYOND ITS BRACKET
