# Workbenches

At OnePointe Solutions, we offer a variety of workbench options, fully customizable for your environment, from not only dimensions but colors and top options as well. We fabricate counter tops and other furniture in house and always keep stock of our materials.

For your workbench, all quotes include a detailed 3-D drawing and can come fully equipped with casework. When your project requires multiple workbenches, we offer complimentary onsite design services.

We travel all over North America and can install workbenches in remote locations outside of most furniture dealer's reach. As a lab workbench manufacturer, we can meet any target deadline.

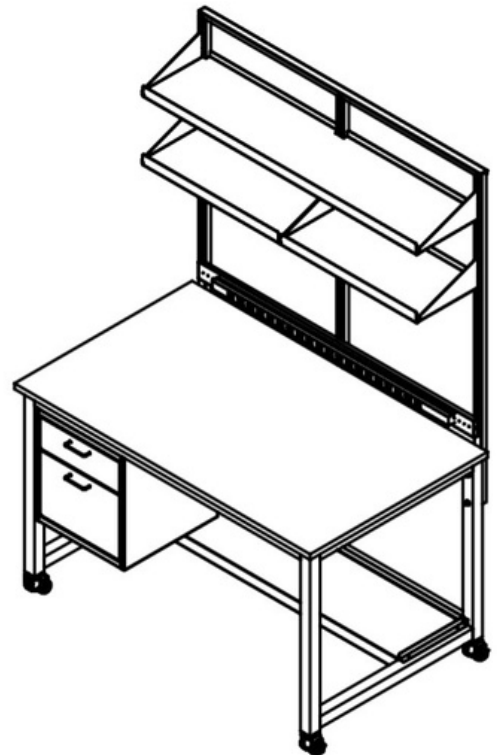

# Workbenches

# Color Options

At OnePointe Solutions, you can have a multitude of colors you can choose from to design and customize your lab furniture.

We carry the following colors on hand below:

## Need a custom color?

A certain red? Deeper blue? Darker white? We'll help you get any color in the color wheel (and even those that aren't). Our fabrications can be faced with a wide selection of hues and finishes, from bold to subdued.
