Examples

FLEX-60SS-PLUM84-AIR-3

FLEX Plumbing Bundle with a width of 60", single-sided with an 84" hose for air and 3 shelves.

SUS-213622-02X-W

Suspended cabinet with 21" H x 36" W x 22" D, 0 Drawers, 2 Doors, Locking, Wire Stainless Steel Pull

MOB-211222-11RX-W

Mobile cabinet with 21" H x 12" W x 22" D, 1 Drawer, 1 Door Right-Hinged, Locking, Wire Stainless Steel Pull

Base Bundle

SKU: FLEX-WWDS/SS-BASE-1,2,3

Features

- (0 to 3) Rows of Shelves, Undermount Top Shelf
- Undershelf Light Compatible
- Knockout Piece for Data Provisions on Upright
- Single or Double Sided Assembly
- Perfect for Island Configuration
- Heavy Duty Construction
- Upright Assembly & Accepts All Upright Components
- Adjustable Shelving
- Height Adjustable Work Surface
- Adaptable Design
- Made with 2" Tube Steel
- Perfect for Mobile Storage

**Knockout Data
Piece**

Out of our FLEX Bundles, the FLEX Base bundle is the simplest form of a FLEX system that you can achieve. You can keep it as is or use it to build out the FLEX system you desire. It comes with a height adjustable work surface, shelving, and single or double-sided assembly.

Unlike other tables, our FLEX systems can have a work surface on both sides of a shared upright tower, allowing you to maximize your environment and save space.

Made in America, built to be long-lasting, and SEFA certified, you can design and customize, our Base FLEX system to fit your lab.

CONFIGURATIONS OPTIONS

HEIGHT	WIDTH	DEPTH	SHELF DEPTH	# of SHELVES
84"	36", 42", 48", 54", 60", 66", 72", 84", 96"	30" (SS) 60" (DS)	13", 16"	1,2,3

Raceway Bundle

SKU: FLEX-WWDS/SS-RCWY-1,2,3

Features

- (0-3) Rows of Shelves; Undermount Top Shelf
- Undershelf Light Compatible
- UL Approved Raceways
- Knockout Piece for Data Provisions on Upright
- Single or Double Sided Assembly
- Perfect for Island Configuration
- Heavy Duty Construction
- Upright Assembly & Accepts All Upright Components
- Adjustable Shelving
- Height Adjustable Work Surface
- Adaptable Design
- Made with 2" Tube Steel
- Perfect for Mobile Storage

Raceway

Knockout Data Piece

The Raceway FLEX Bundle is ideal when you need a flexible workbench for just electrical purposes. For every FLEX in the bundle, it comes with a corresponding UL verified raceway, providing you with confidence when it comes to electrical integrations.

In addition, like all of our FLEX system bundles, the Raceway FLEX Bundle comes with a height adjustable work surface, shelving and single or double sided assembly. Unlike other tables, this system can have a work surface on both sides of a shared upright tower, allowing you to maximize your environment and save space.

Made in America, built to be long-lasting, and SEFA certified, you can design and customize, our Raceway FLEX system to fit your lab.

CONFIGURATIONS OPTIONS

HEIGHT	WIDTH	DEPTH	SHELF DEPTH	# of SHELVES
84"	36", 42", 48", 54", 60", 66", 72", 84", 96"	30" (SS) 60" (DS)	13", 16"	1,2,3

Plumbing Bundle

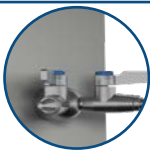

SKU: FLEX-WWDS/SS-PLUM84/96-FLUIDTYPE-1,2,3

Features

- (0-3) Rows of Shelves; Undermount Top Shelf
- Undershelf Light Compatible
- (1) Air/Cold Water/Gas/Vacuum/Helium/Other/Argon/Nitrogen WSF Kit
 - Blade Handle Ball Valve
 - PVC Hose (Stainless Steel Hose for Gas and Nitrogen)
 - Quick Connects
- Max of (3) Valves Can Fit on FLEX Bundle
- Knockout Piece for Data Provisions on Upright
- Single or Double Sided Assembly
- Perfect for Island Configuration
- Heavy Duty Construction
- Upright Assembly & Accepts All Upright Components
- Adjustable Shelving
- Height Adjustable Work Surface
- Adaptable Design
- Made with 2" Tube Steel
- Perfect for Mobile Storage

PVC Hose

Valve

Knockout Data Piece

When you need fluid services attached to your lab bench the Plumbing FLEX Bundle works best. Each comes with a WSF kit customized to fit your selected fluid(s) options including helium, nitrogen, cold water, and more.

In addition, like all of our FLEX system bundles, the Plumbing FLEX Bundle comes with a height adjustable work surface, shelving and single or double sided assembly. Unlike other tables, this system can have a work surface on both sides of a shared upright tower, allowing you to maximize your environment and save space.

Made in America, built to be long-lasting, and SEFA certified, you can design and customize, our Plumbing FLEX system to fit your lab.

CONFIGURATIONS OPTIONS

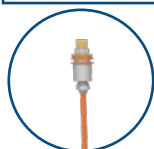

HEIGHT	WIDTH	DEPTH	HOSE LENGTH	FLUID TYPE	SHELF DEPTH	WORK SURFACE

Max Bundle

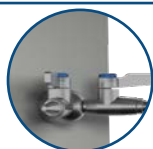

SKU: FLEX-WWDS/SS-MAX84/96-FLUIDTYPE-1,2,3

Features

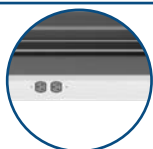

- (0-3) Rows of Shelves; Undermount Top Shelf
- Undershelf Light Compatible
- (1) Air/Cold Water/Gas/Vacuum/Helium/Other/Argon/Nitrogen WSF Kit Included:
 - Blade Handle Ball Valve
 - PVC Hose (Stainless Steel Hose for Gas and Nitrogen)
 - Quick Connects
- Max of (3) Valves Can Fit on FLEX Bundle
- UL Verified Raceway
- Knockout Piece for Data Provisions on Upright
- Single or Double Sided Assembly
- Perfect for Island Configuration
- Heavy Duty Construction
- Upright Assembly & Accepts All Upright Components
- Adjustable Shelving
- Height Adjustable Work Surface
- Adaptable Design
- Made with 2" Tube Steel
- Perfect for Mobile Storage

Suspended Cabinets

SKU: SUS-HHWWDD-L/RX-A/W

Features

- 18 GA Sheet Metal Construction
- Soft-Closing Drawers and Doors
- 1x Adjustable Shelf (Doors)
- Concealed Hinges
- Heavy-Duty Construction
- Powder Coated-Metal or Stainless Steel
- Customizable Drawer/Door Fronts

Sometimes you need direct access to a cabinet without having to leave your work area. That's where our suspended cabinets come into play.

Our suspended cabinets are designed to be fastened beneath the work surface of any of our lab tables. Once installed they are a solution that is very robust and becomes part of the table.

Suspended cabinets can be manufactured in cold-rolled powder-coated steel or 304 stainless steel to accommodate different area requirements. Designed to be long-lasting and SEFA certified, our suspended cabinets are the perfect addition for your workspace needs.

Work Surface Options

Epoxy Resin

Black Onyx

Dark Khaki

Graphite

Grey

Lunar White

Tan

Epoxy resin is a quality material that is resistant to most chemicals, moisture, impact, and heat; it's the ideal solution for environments that are very corrosive or have a high level of moisture.

Note: Epoxy resin is a color-through material.

Phenolic Resin

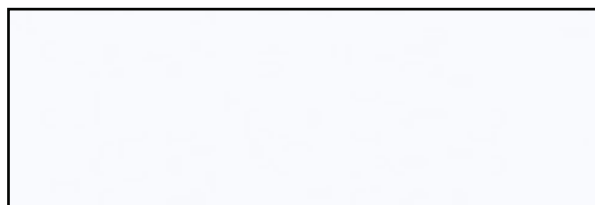

Carbon Black

Durcon Graphite

Durcon Grey

Glacier White

Steel Grey

Phenolic resin countertops and tabletops meet the requirements of most laboratories while including additional benefits such as chemical, wear, and water resistance.

Note: All phenolic resin countertops come with a black core regardless of color selected.
