WELCOME

We are honored that you are considering our industrial tables for your facility needs.

At OnePointe Solutions, we are continually improving the quality and versatility of our products to solve complex workspace issues. We strive to exceed each customer's expectations via our products and our outstanding customer support.

Our goal is to bring about change through better designs, higher quality components, and customer service that is second to none.

Whether your project calls for a single table, a few workbenches, or a custom built workstation with all accessories from A to Z, we can make your vision a reality!

We are OnePointe Solutions!

QUALITY STATEMENT 2021

OnePointe Solutions' core business is the sale, design, layout, fabrication, and installation of custom industrial and laboratory furniture including casework, workbenches, fume hoods, and more. Our vision for growth and industry leadership is to provide aesthetically pleasing, functionally innovative, defect-free products in a timely manner.

We believe quality leadership in every functional area is necessary to remain a market leader, and as such continue to improve our Quality Management System (QMS) in line with the requirements of ISO 9001: 2015.

The OnePointe Solutions' executive team is committed to:

- Satisfying applicable requirements by ensuring that those of our customers along with any applicable statutory and regulatory requirements are determined, understood and consistently met.
- Continuous improvement of the QMS as the governing strategic tool to capture, then communicate a shared vision to stakeholders, iterate on, and execute from with respect to achieving customer requirements and growing customer satisfaction.

The OnePointe Solutions' executive team shall:

- Maintain full accountability for the QMS.
- Consistently demonstrate quality leaderships in their respective areas of responsibility.
- Ensure the Quality Policy and respective quality objectives are established for the QMS and that they support the organizational context and strategy of the company.
- Establish quality objectives to be managed through performance data review, internal auditing, and the management review process to improve product quality, customer satisfaction and profitability.
- Utilize a process approach incorporating SIPOC and risk/opportunity based assessment.
Communicate and develop a shared understanding across the company as to the importance of quality management and QMS conformance.
- Ensure resources and personnel are available to execute to the intent and effectiveness of the QMS including providing time, training, and understanding of the strategy behind the QMS.
- Employ Kaizen as a tool for continuous improvement.
- Engage, direct, and support all personnel in their contribution towards the effective of the QMS and quality objectives.
- Partner with the supply chain on critical components to assure incorporated components meet performance and quality expectations.

This policy is communicated to all employees, organizations working in conjunction with OnePointe Solutions, and is provided to every quoted customer to share top management's vision and commitment to managing quality and continuous improvement in the design, manufacture and installation of beautiful industrial lab environments built to last.

Aaron Boto, CEO, OnePointe Solutions

WARRANTY

WHAT IS COVERED

OnePointe Solutions LLC ("OnePointe") warrants the products sold are free of defects in materials or workmanship to the Purchaser under normal use and service for the warranty periods specified with the exceptions stated below.

WHO IS COVERED

This limited warranty only applies to an original Purchaser located in the United States, Canada, or Mexico.

HOW LONG COVERAGE LASTS

Coverage duration is dependent on the item(s) purchased, please reference the table below for details. Due to the custom nature of OnePointe's products, there may be multiple items purchased, with different warranty durations. All warranties start from the date of shipment and run concurrently.

Item	Duration	Item	Duration
Countertops		Workbench Accessories	
Epoxy Resin*	1 Year	Lighting*	1 Year
Phenolic Resin*	1 Year**	Power Distribution*	1 Year
Laminate	1 Year	Foot Options*	1 Year
Maple Block*	1 Year	Shelving	5 Years
Stainless Steel	1 Year	Hydraulic Lifts*	1 Year
High Density Polyethylene (HDPE)*	1 Year	Uprights	Lifetime
Workbench Frames		Suspended Cabinets	5 Years
Fully Welded	Lifetime	Integrated Technology*	1 Year
Bolt Together	5 Years	Electrostatic Discharge (ESD) Devices*	1 Year
Casework / Fume Hoods		Other Furnishings	
Metal	5 Years	Chairs*	15 Years
Metal w/ Wood Fascia	1 Year	Service Fixtures*	1 Year
Fume Hoods*	1 Year	Lab Flooring*	5 Years
Blowers*	1 Year	Flammable / Chemical Safety Storage Cabinets*	1 Year
*Item is supplied by a third party; specific warranty will be assigned to the fullest extent allowed. **10 Year Delamination Warranty			

WHAT IS NOT COVERED

Defects resulting from normal wear and tear, color/grain variations, changes in surface finishes due to exposure to light, faulty installation, operation, disassembly, or remodeling, or from misuse, misapplication, neglect, abuse, accident, alteration, or the lack of proper maintenance, storage, cleaning, and care are not covered by OnePointe's limited warranty. Products that are exposed to extreme environmental conditions or that have been subject to improper storage are not covered by OnePointe's limited warranty. OnePointe does not provide warranty on components manufactured by others – only the original manufacturer's warranty applies.

WARRANTY

WHAT ONEPOINTE SOLUTIONS WILL DO

OnePointe, as its sole obligation, will repair or replace (at its option) any product, part, or component covered by this warranty which fails to perform to the product's specifications. If OnePointe acknowledges that any such defects found within the warranty period are the result of faulty material or workmanship, OnePointe will repair or replace the product, part, or component with a comparable product, part, or component at its own expense. OnePointe may elect to provide on-site repair of defective product and in these cases, Buyer agrees to allow OnePointe factory technicians or authorized representative reasonable and timely access to jobsite during normal business hours. Repairs or replacement of product under warranty does not extend the original warranty period.

THERE ARE NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, WHICH EXTEND BEYOND THE FACE HEREOF INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE.

The liability and remedy set forth above, in the event of a breach by OnePointe of its warranties set forth above or any of the covenants or agreements relating to the sale of the products to the Purchaser, shall be the sole and exclusive remedy to the Purchaser. In no event shall OnePointe's liability exceed the amount paid, excluding installation, by the Purchaser to OnePointe or any of its dealers or agents for the products to which the breach applies.

In no event shall OnePointe be liable to the Purchaser for any consequential or indirect damages including, but not limited to, loss of income, revenue, or profits in the event of a breach of any of the warranties or other covenants made by OnePointe with respect to the sale of OnePointe products to the Purchaser. The foregoing may not be modified except by a written amendment signed by OnePointe. The Purchaser, by accepting delivery of any product manufactured by OnePointe, hereby accepts the foregoing, and expressly waives any other remedy and damages, direct, indirect, and consequential.

HOW TO GET SERVICE

Contact OnePointe Solutions for any warranty questions or claims by phone **512.652.6292**, or email **warranty@onepointesolutions.com**. No product or parts thereof shall be returned to OnePointe or any of its dealers or agents without OnePointe's prior written consent. Product returned to OnePointe shall be shipped at buyers cost and risk of loss. Replacement product shall be returned at OnePointe's cost and risk of loss.

HOW STATE LAW APPLIES

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

ESD WORKBENCH

When working in an electrical sensitive environments, any type of lab table will not do. ESD workbenches, from OnePointe Solutions are designed to not only prevent high voltages from accumulating in these delicate spaces but also customized to fit your exact specifications as well.

We cater to the EOS/ESD Association and can ensure the use of ANSI ESD S20.20 standards and that our furniture is UL listed if required. Made in America, in-house and 3rd party tested, and shipped quickly, your ESD workbenches, from OnePointe Solutions, are second to none for all your industrial needs.

BOLT TOGETHER FRAME

Your Bolt Together Frames are a great choice for those that desire to have sturdy table options, while needing flexibility to easily maneuver upon delivery. They are built with high quality 18ga tube steel legs, and are powder coated to the color of your choice. You will also add a 4" apron around the Bolt Together Frame, which is great for providing additional storage.

CONFIGURATION OPTIONS

HEIGHTS	WIDTHS	DEPTHS
30"-36", ADA	36"- 96"	24"-60"

FULLY-WELDED FRAME

Your Fully Welded Frames are the best choice when needing the strongest of the strong in your tables. They are built with 18ga tube steel, and are powder coated to the color of your choice. Outside welds are ground smooth to provide a seamless transition between joints. Fully Welded Frames will give you a sleek looking table that will impress in both ability and aesthetics.

CONFIGURATION OPTIONS

HEIGHTS	WIDTHS	DEPTHS
30"-36", ADA, ADJUSTABLE	36"- 96"	24"-60"

SIT/STAND FRAME

Your Sit/Stand Frames are the pinnacle of height adjustability for your environment. Once set, there is a simple one button process to go from sitting to standing and vice-versa. It even has the ability to accommodate multiple presets for separate users. The Sit/Stand Frames are second to none when needing an effortless posture change to increase productivity. Your most perfect solution for hours of data entry.

TRADITIONAL WORK SURFACES

Epoxy Resin

Epoxy resin is a quality material that is resistant to most chemicals, moisture, impact, and heat; it's the ideal solution for environments that are very corrosive or have a high level of moisture.

Phenolic Resin

Phenolic resin countertops and tabletops meet the requirements of most laboratories while including additional benefits such as chemical, wear, and water resistance.

Stainless Steel

Stainless steel is the ultimate solution for adding resistance to your workspace. As a nonporous surface, no liquid or substance can penetrate into the material; bacteria, mold, and other common germs don't stand a chance.

ESD Laminate

ESD Laminate or electro-static dissipative laminate is specifically designed to prevent the discharge of built-up static electricity that can damage sensitive equipment.

Solicor-CR

Solicor-CR is a lab-grade surface material well suited for environments, where chemical resistance, durability and aesthetics are top priorities.

HDPE

High-Density Polyethylene (HDPE) tops are lightweight and provide a non-absorbent and stain-free surface that is best used for food preparation.

*FDA approved & NSF Standard 51 certified

ALTERNATIVE WORK SURFACES

Maple Block

In the material handling business, there's no better than maple block. Maple works hard in factories in kitchens, and on shipping and receiving docks around the world.

Granite

Granite countertops are an elegant, timeless, and extremely durable surface option. They bring any commercial or industrial space to life with its many colors and smooth finish.

Quartz

Quartz countertops are favored by designers in various commercial industries since quartz can easily withstand extended use, regular cleaning, and exposure to moderate heat, moisture, and most household/commercial cleaners.

Plastic Laminate

Made to align perfectly with your target aesthetic, layout, and budget. From breakrooms and reception areas to conference rooms, classrooms and even laboratories, plastic laminate countertops complement virtually any environment it is in.

Solid Surface

At OnePointe Solutions, we carry a plethora of Wilsonart® Solid Surface options. Wilsonart® Solid Surface countertops are great for use in many settings: office, retail, industrial, healthcare, education and in certain laboratory settings. It is a nonporous, seamless, elegant material that can mimic the look of granite, marble, and even stone. Above are some of our quick ship options. For more solid surface options, please contact us.

POWDER COAT COLORS

*Available Upon Request

NON POWDER COAT OPTION

NEED A CUSTOM COLOR?

Want a color you do not see? No worries we can help you get virtually any color for your casework. What are you looking for? A certain red? Deep blue? Special white? Let us know and we will do our best to get you virtually any color in the color wheel and even those that are not too. Our fabrications can be faced with a wide selection of hues and finishes, from bold to subdued. ***Note: Some colors may require a minimum order. ***
